The information and documents contained in the offer document we sent you attaching this document contains the other important information we must give you before you enter this agreement. You must read all of these together.

We'll always act reasonably when doing this. Please see the Credit Card Terms for changes we can make and how and when we will tell you.

The special promotion rate calculated at the end of the day on the special promotion balance and charged monthly at the end of each statement period during the special promotion period. The <b>cash advance rate</b> will apply on the day after the last day of the special promotion period, and the unpaid balance of the special promotion will form part of the cash advance balance.
<b>Maximum interest free period</b>	Up to <b>55 days</b> for purchases.	N/A	As stated in the special promotion
<b>Minimum repayments</b>	<p>After each statement period, you must pay us the minimum payment shown in your statement, which will be the higher of:</p> <p>A. 3% of all you owe (rounded down to the nearest dollar); and</p> <p>B. \$20.</p> <p>For example, if all you owe on the statement date is \$1,000 including interest and costs, (A) would be <math>0.03 \times \\$1,000 = \\$30</math> which will give the highest amount and so is the minimum payment due.</p> <p>However, if you owe less than \$20 on the monthly statement, you must pay the full amount you owe. For example, if you owe \$18 that will be the minimum payment due for that month.</p> <p>Unless your special promotion has a 'deferred period' in it, the special promotion is included in all you owe, which the minimum payment is calculated on.</p> <p>You must also pay immediately any outstanding amounts and any balance that exceeds your credit limit.</p>
